

Infysmart — Product Upload Quick Guide

How to add a product in Directus CMS with full SEO optimisation

Step-by-Step Workflow

- 1
- Login → api.infysmart.com → Collections → Products → + Add Item
- 2
- Fill core fields — Name, SKU, Price, Stock, Short & Long Description
- 3
- Upload images — main image first, then gallery shots (min 800×800 px, JPG/WebP)
- 4
- Fill SEO fields — Meta Title, Meta Description, Meta Keywords, OG Image
- 5
- Add specs & features — structured JSON or bullet list in the specs field
- 6
- Set slug — auto-generated from name, verify it's lowercase, hyphen-separated
- 7
- Set Status → Published and save. Product goes live instantly.

Tip: Always complete SEO fields before publishing. Changing meta_title after indexing can reset Google rankings.

Core Product Fields

name	required	Full product name with brand & model. E.g. <i>Hikvision DS-2CD2143G2 4MP Dome Camera</i>
slug	required	URL identifier — auto-generated. Verify: <i>hikvision-ds-2cd2143g2-4mp-dome</i>
sku	required	Internal product code. E.g. <i>HV-CAM-001</i>
price	required	Selling price in INR (no commas). E.g. <i>4999</i>
original_price	optional	MRP before discount — shows strikethrough & discount %
stock	required	Quantity on hand. Set 0 to show "Out of Stock"
short_description	required	1–2 lines shown in product cards. Keep under 120 chars.
description	required	Rich text — full details, benefits, use cases (300–600 words ideal)
category / brand	required	Select from dropdown. Affects filters & shop navigation.
tags	optional	Comma-separated. E.g. <i>CCTV, dome camera, IR night vision</i> . Used as keyword fallback.
is_featured	optional	Toggle ON to show on homepage Featured Products section

SEO Fields (Critical)

meta_title 50–60 characters. Include primary keyword + brand. Good: <i>Hikvision 4MP Dome Camera – Buy Online Infysmart</i> Bad: <i>Product 001</i>
meta_description 140–160 chars. Describe benefit + location + CTA. Good: <i>Buy Hikvision 4MP dome CCTV camera online. IP67, IR night vision. Free delivery in Chennai. Order now at Infysmart.</i>
meta_keywords 5–10 comma-separated keywords. <i>hikvision dome camera, 4mp cctv, ip camera Chennai, outdoor security camera India</i>
og_image optional Upload a 1200×630 px image for WhatsApp/Facebook previews. Falls back to main product image if empty.

Image Rules

Format	JPG or WebP preferred. PNG for logos/transparent.
Min size	800 × 800 px (square). 1200×1200 px ideal.
File size	Under 300 KB. Compress at tinypng.com if needed.
Filename	Use descriptive names: <i>hikvision-4mp-dome-camera-front.jpg</i>
Alt text	Formula: <i>[Brand] [Model] [Type] — Buy Online India</i>
Order	First image = main product shot (white/grey background). Then: angles, installation, lifestyle.
Never: upload screenshots, watermarked images, or images with Hindi/Tamil text overlays. Google penalises poor product images.	

Description Writing

- Put primary keyword in **first 50 words**
- Mention city/region naturally: *"ideal for Chennai homes"*
- Use bullet points for specs — easier for Google to parse
- No keyword stuffing — max 2–3 mentions of main keyword
- Include use cases: home, office, warehouse, factory

Pre-Publish QA Checklist

- ☐ Product name is complete (Brand + Model + Type)
- ☐ SKU filled & unique
- ☐ Price & stock are correct
- ☐ Short description under 120 chars
- ☐ Long description 300+ words
- ☐ At least 1 product image uploaded
- ☐ Image alt text filled in
- ☐ Category & Brand selected
- ☐ Slug is clean (no uppercase, no spaces)
- ☐ meta_title is 50–60 chars
- ☐ meta_description is 140–160 chars
- ☐ meta_keywords has 5–10 terms
- ☐ Tags added (if meta_keywords empty)
- ☐ og_image uploaded (optional but good)
- ☐ Status set to **Published**

After publishing: Search *site:infysmart.com/shop/[slug]* in Google after 2–3 days to confirm indexing.
